

100' Floor Liner

SKU:
3-0102

PRODUCT NAME:

SafeBasements™ Floor Liner

MANUFACTURER:

SafeBasements, Inc.
28272 Minnie St
Paynesville, MN 56362
1-888-963-6892
safebasementsinc.com

BASIC USE:

SafeBasements™ Floor Liner is a high performance crawl space vapor barrier designed to prevent moisture migration from the soil into the crawl space. SafeBasements™ Floor Liner helps guard against mold, mildew, allergens, fungus, radon gas, methane gas, heat loss due to damp insulation, wood rot, and overall degradation of the crawl space.

COMPOSITION & MATERIALS:

The SafeBasements™ Floor Liner is a white polyethylene coated drainage fabric.

SafeBasements™ Floor Liner is manufactured using woven high-density fibers yielding high strength-to-weight ratio, tensile strength and puncture resistance.

SIZE:

94" x 100'

WEIGHT:

Approximately 55 lbs per MSF

WARRANTY:

The SafeBasements™ Inc. warranties all vapor barrier material to be free from manufacturing defects, degradation, and off gassing for a period of 25 years. For more warranty information call 888-963-6892.
